

Coming back to school

What do we need to know and do?

What is the same?

- The same grown ups are at our school
- We can wear our school uniform
- We will be in our usual school building
- We will be able to have playtime and lunchtime
- Some of our friends will be there too
- We will still be able to use the playground and the field
- We will still be learning and having fun

What is different?

- We will come into school from a year group gate.
- Not all of the children will be back at school
- The classrooms will look a little bit different
- We might not be able to use all of the normal equipment in our lessons
- We need to make sure we don't touch each other.
- We will need to wash our hands lots.
- Grown ups in school will have to clean our tables.
- We will be with the same grown ups and children, including at break and lunch time.
- We will do lots of learning about PSHE, mindfulness and wellbeing as well as our normal lessons.

What is our Code to Keeping Safe?

- We keep a safe space between us and other people whenever we can.
- We wash our hands regularly for 20 seconds using soap and water, including before we come to school or go home, after using the toilet and before and after break and lunchtime.
- We follow 'Catch it, Bin it, Kill it' and put used tissues straight in the bin.
- We sit and do our learning in the place we are asked to, using the equipment that we are given.
- We follow our school Golden Rules as usual.
- We are kind and caring towards other people – some people might feel worried.
- We listen to the instructions our grown ups give and follow them as best we can.
- We have lots of fun with our learning.

Always
remember
to....

CATCH IT

Germs spread easily. Always carry tissues and use them to catch your cough or sneeze.

BIN IT

Germs can live for several hours on tissues. Dispose of your tissue as soon as possible.

KILL IT

Hands can transfer germs to every surface you touch. Clean your hands as soon as you can.
