

SPLASH

Dear Oak Families,

We hope you have had an enjoyable half term and return to school ready for our final term in Reception! This term, we are going to enjoy a water filled fun learning journey. We will be finding out about how essential water is, where it comes from, and how we can look after our water sources. We will be looking at ocean animals, their habitats, pollution, pirates and much more. We also plan to take a trip to Brighton SeaLife Centre, as well as enjoy a beach picnic afterwards, more information to follow later this term, once dates are finalised. Please see the weekly newsletter (via email) for further information around our learning each week.

Our key texts this term will be:

Areas of Learning:

Literacy – We will be continuing to focus on using tricky words in our writing as well as spelling words with more than one syllable. We will also be writing our own stories based on the texts we are reading, as well as looking closely at the characters, settings and events of the stories we are sharing. Another skill we will develop is giving opinions and views about stories we have shared.

Maths – In Maths, we will be solving problems that apply all of the skills we have learnt so far. As well as this, we will be continuing to develop our knowledge of number, practising doubling and halving as well as recognising and ordering 2 digit numbers. Our number bonds to 10 will be frequently revisited, to ensure these are strongly grasped.

In other areas of the EYFS, we will be making links with our water theme, such as learning about things that float and sink and why this happens. We will begin to focus on our transition to Year 1 and we will be taking part in lots of activities which make us more familiar with the children in the class already, as well as exploring our new surroundings and routines, ready for September. The key to a successful transition to Year 1 is when children feel that this will be a positive experience and we aim to fully support them in this process. If you have any questions about this, please do not hesitate to ask.

Home Learning

We would like to thank you all for your effort with reading with your children.

Reading - Letters and Sounds	Please read with your child regularly, even if it is a home or library book. At this stage, it is really helpful to discuss the stories that you read and use story language such as, character, setting, beginning, middle and end. Also, encourage your child to predict the ending of the story and give their opinion of the texts that they read. Please record their ideas on Boom Reader.
------------------------------	--

If you want to further your learning at home, you might like to try one or more of these challenges:

- Paint a picture or make a collage of an under the sea image. What can you see under the sea?
- Design your own pirate ship or pirate flag.
- Write your own pirate or sea character themed stories.
- Use Lego or another construction kit to build an amazing ship or boat.
- With an adult's help, find some objects around your house and test to see whether they float or sink when you put them in water. See if you can predict first what you think will happen and then see if you were right!

Websites and Links

- www.ictgames.co.uk and www.topmarks.co.uk for Literacy and Maths games.
- www.phonicsplay.co.uk Phase 3, 4 and 5 games, blending sounds and words.

Quick Reminders

- Please can you make sure your child brings in a water bottle, hat and their book bag each day. Sunhats are essential in the warmer weather when we are outside for longer periods of time. We are not permitted to apply sun cream to any child, so children must have it applied before they come to school.
- Our PE days are Tuesday and Thursday, but PE kits should be in all week.
- We hope you all have a lovely final term supporting the children in their Early Years learning. Please do not hesitate to come and speak to us if there is anything you need.

Thank you as always for your support, one term to go!

Love Miss Taylor, Miss Eldridge & Miss Waterman
