### Interesting Word of the Week

Each week there will be an interesting, useful but unusual word for the community to get to know. We will select a word and provide a definition for it. Pupils will be asked by Miss Lewis and Mr Procter in Friday's assembly what the word is and what it means. They will ask them to put the word into a sentence to show they have understood the meaning. This is to help build up pupils vocabulary through the year.

**This week's word is:**

**linguist**

**Definition:**

**A person skilled in foreign languages.**

## Nursery News

Our letter sound this week: N, n

Our number this week is: 7

Last week, we had Mr Broccoli come to visit us and made us a stir fry to taste with lots of vegetables. We learnt how many portions of vegetables we should eat each a day. We have been looking at books independently and talking about what we have seen. We have been giving meaning to the marks we make by trying to write our names ready for school.

We hope you have a lovely half term and we will see you all on Tuesday 6<sup>th</sup> June. If anyone has any seeds that they would like to donate, we would love to plant them in our new growing area!

If any parents are available to help with Forest School on a Friday morning please could you let Dawn know as if we have enough adults, we can visit the forest.

Thank you,

Nursery Staff

## GROWTH MINDSET

Our Tough Woodlouse this week:  
**Benji Gillies**  
 for persevering and helping others  
 during Awe and wonder day.

### Growth Mindset

This academic year, we have been learning all about how our brains work and how learning occurs through the electrical connections in our brains. We have been finding out how the learning powers of resilience, curiosity and making connections in learning can help us to build and strengthen our knowledge and understanding of all different areas. We have been learning about how the language we use can help us to change from a 'fixed mindset' to a 'growth mindset'.

In a fixed mindset, people believe their basic qualities, like their intelligence or talent, are simply fixed traits. They also believe that talent alone creates success — without effort. Whereas, in a growth mindset, people believe that their most basic abilities can be developed through dedication and hard work — brains and talent are just the starting point. This view creates a love of learning and a resilience that is essential for great accomplishment

<b>Fixed Mindset</b>	<b>Growth Mindset</b>
 Intelligence is static. I must look clever!	 Intelligence is expandable. I want to learn more!
Avoids challenges	Embraces challenges
Gives up easily	Persists in the face of setbacks
Sees effort as pointless	Sees effort as the way
Ignores useful criticism	Learns from criticism
 <b>Likely to plateau early and achieve less than full potential</b>	 <b>Reaches ever higher levels of achievement</b>

### DEVELOPING A **GROWTH MINDSET**

<b>INSTEAD OF.....</b>	<b>TRY THINKING....</b>
I'm not good at this	What am I missing?
I give up	I'll use a different strategy
It's good enough	Is this really my best work?
I can't make this any better	I can always improve
This is too hard	This may take some time
I made a mistake	Mistakes help me to learn
I just can't do this	I am going to train my brain
I'll never be that smart	I will learn how to do this
Plan A didn't work	There's always Plan B
My friend can do it	I will learn from them

## Letter Box

A new letter box is now placed outside the school office for parents and pupils to post their reply slips in.

In Term 6 Year 1 and 2 will have their forest school sessions.

The weather will (hopefully) be warmer so please consider the forest school kit you are sending in.

Children will still need a long top and trousers as we will be in the woodland.

If you are able to help out on a Thursday afternoon from 1.30-3.00, please could you let Miss Denney or Miss Purcell know.

## Inset Day

**Monday June 5<sup>th</sup>** is an Inset Day. We look forward to seeing the pupils back at school on **Tuesday 6<sup>th</sup> June** for the start of Term 6.

## Awe and Wonder Day - My Safe Place

Awe and Wonder day took place on Monday 22<sup>nd</sup> May 2017. All the children were in mixed year group teams and rotated around a carousel of activities. The theme was Safety. It included the children reflecting on their safe place and constructing their own safe place, sewing and using collage skills to create our safe church. We had PC Jackie with us all day talking about how to get help from emergency services, we made shields about how God keeps us safe and we learnt about Christian Aid's work to ensure refugees have shelter, water and food. The day ended with a brilliant celebration in the church. All the children sung a song about safety and different children spoke about their learning. It was a great day, enjoyed by all and gave us all time to reflect and think about the world. Thank you to all the parent volunteers for helping us and for those who attended the celebration.

## Enterprise Week 15<sup>th</sup> - 19<sup>th</sup> May 2017

During Enterprise week, each class was given £20 to spend on whatever materials they needed to create a product to sell at the end of the week. The challenge was to see which class could make the most profit.

Reception created their own Café for enterprise week. They looked at the different coins they would need to make the cost of tea, coffee and hot chocolate as well as the ingredients to make biscuits. They then worked in groups to make and decorate biscuits.

Year 1 and 2 designed, budgeted for and made Ladybird cakes. They had lots of fun and were really happy to make some money. Holly L said "I enjoyed making the cupcakes - especially the icing." Darcy said "I enjoyed making cakes and doing the game of Guess the Weight of the Cake!" Lotte and Holly Z enjoyed adding the ingredients together to work out the total we needed to spend.

Year 3 and 4 designed and created cards for Enterprise Week. We asked our parents which cards they would find most useful to buy and then we made a range of Father's Day cards. We thoroughly enjoyed ourselves and had fun selling them.

George, Year 4, says, "I had lots of fun using glitter and pom poms."

Summer, Year 3, says, "I liked making cards and making a mess!"

Year 5 and 6 created 'Bugs in Boots' models to sell. We sold every single one of them and were amazed by the number of compliments we received for our creativity! We made posters and banners to advertise our stock and we had to budget for the materials that we needed - we spent our £20 budget on clay, googly eyes, pipe cleaners and spray sealant.
