

Year 1/2 Homework

Firstly welcome to Year 1/2! The children have settled in well and are working hard already!

Reading:

Please continue to read with your child for approximately 10 minutes at least 3 times a week. Details of how reading is celebrated in school is on the curriculum newsletter ☺

The children can change their books whenever they like, they just need to tell an adult in class that they are visiting the trolley.

Spellings:

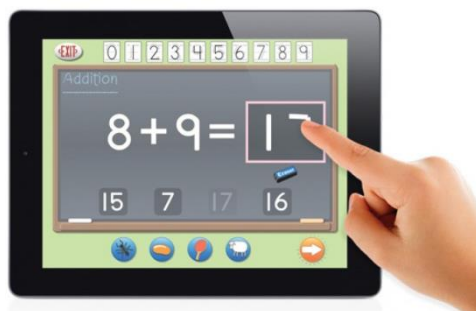

We will start sending home spellings from week two. Each week the children will receive a short list of words to practise at home. These will consist of a few words for the Year 1/2 Common Exception Words list, a few words containing a spelling pattern and two optional challenge words from the school year above.

Please practise in the spelling book or if you use an app or have a preferred method of practise please jot your signature in the spelling book to show that practise has been completed elsewhere. Each week we will let you know your children's scores.

Maths Homework:

From term 2 we will start setting a little maths homework which will be online - details of this will be in next term's curriculum newsletter.

If you have any questions, please catch a member of the Year 1/2 team. Thank you for your continued support,

Mrs King
