Year 1 and 2 Armitage Visit

On Wednesday the 20th of November Ronda and David Armitage visited Year 1 and 2. Before their visit, we made a beach scene with things that you would typically find on the beach. Ronda and David brought along things that they have found on beaches which you would not typically find. For example: rope, plastic bags, plastic water bottles and used crisp packets. We discussed how these things are bad for the animals that use our beaches and seas.

Ronda then read their new Lighthouse Keepers Lunch story which is being released in May next year about Mr Grinling and plastics on our beaches. Also while they were with us David showed us how he illustrates and as a class we created a picture for Mr Grinling's Birthday.

We had a great time, thank you to Ronda and David for visiting us!

Anti- Bullying Week 2019

Last week was Anti-Bullying Week. Have a look at what each class got up to!

Reception

Reception explored the theme of odd socks linked to 'Odd Sock Day'. They designed their own odd socks and then celebrated how they were all different.

Following our whole school assembly looking at how change starts with us, Reception were passing on compliments to each other and spotting children who were helping each other out.

We talked as school about how we can help bring people up rather than bringing people down. We linked this to our work on wellbeing and how we all impact on each other so its important to consider how we treat others.

Year 1 and 2

Year 1 and 2 at East Hoathly discussed what we can do to make a change to reducing bullying in our school. One theme that the children came up with was being a good friend. We then read the story 'Little Beauty' by Anthony Browne and discussed how each of the characters felt when they were not being a good friend. The children then came up with ways they could be a good friend, in the playground and in the classroom.

Year 3 and 4

During Anti-Bullying Week, Year 3 and 4 class worked very hard on a number of learning activities, around the theme of "Change Starts with Us".

In order for the children to understand different forms of bullying and how bullying impacts others, the first activity was to create a poster that celebrates the idea of difference.

The class also produced some storyboards, and we also discussed some key features of 'difference' and how we should all celebrate our own unique characteristics.

Year 5 and 6

Year 5 and 6 took part in a range of activities for Anti-Bullying Week and they particularly enjoyed designing odd socks for Odd Sock Day.

The children really understood the theme: 'Change Starts with Us' and one child said "Change starts with us means that we can help prevent bullying by telling a trusted adult or simply just being friendly and saying that someone can play or talk with you."

Wellbeing

This week's poster gives you tips on how you can help your child manage their worries more effectively.

WORRY TIME FOR CHILDREN

Often worries can be uncontrollable and excessive and can interfere with a child completing daily activities. Worry time is a strategy which can help your child to feel in control and manage their worries more effectively. Follow the steps below which you can practice with your child.

- 1. PLAN**
Choose a daily time and place with your child to worry. Think about the length that your child would like to worry for (20mins). Make sure the location is comfortable, quiet and relaxing.
- 2. WRITE**
When your child experiences worries during the day make sure they write it down in a notepad or on a piece of paper. Make them aware that they will have time later to think about the worry.
- 3. REFOCUS**
When your child experiences the worry, work with them to come up with strategies that will help them focus on what they are doing in the present moment. Help them to pay attention to what they were doing before they started worrying.
- 4. PROACTIVE**
If your child is struggling to stay in the present moment, help them to think of practical, fun and pleasurable activities that they could engage in.
- 5. TIME**
Before worry time begins make sure your child is comfortable and happy with the location that you chose.
- 6. WORRIES**
When worry time occurs, make sure your child is only worrying about the things which they noted down. In worry time your child can speak to you about their worries and work with you to problem solve some of them. If your child is no longer experiencing the same worry, just tell them to cross it off their list. Once worry time has finished come up with a method to get rid of the worries (E.g crossing them all out).
- 7. PRACTICE**
Worry time takes practice. It is important that you take time with it and support your child with the process.
