

'Once Upon a Time'

Reception Newsletter Term 1 2020

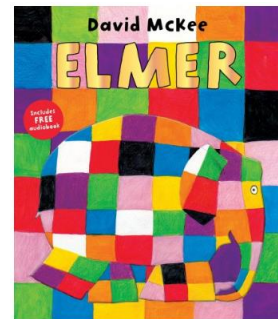

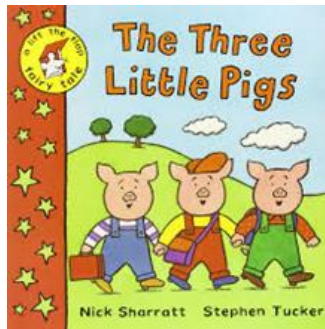

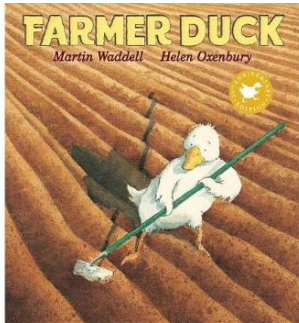

Dear Parents,

Firstly, we would like to say how impressed we have been with the children since they have started with us. They have all settled into school life amazingly!

Our topic for this first term is 'Once Upon a Time'. We will be reading familiar stories. Alongside this, we will be working on number recognition and formation. We will also be developing our foundation understanding of letters and sounds.

Our key stories this term are 'Farmer Duck', 'The Three Little Pigs' and 'Elmer'.

The attached learning map will expand on how each area of learning will be linked to the stories.

Home Learning

We encourage children to continue their learning at home which will enhance their progress at school. There will be a **virtual meeting on Thursday 24th September 2.30pm**, to discuss home learning, reading and phonics. We will send out further information about this closer to the time, including details of how to access the meeting.

Phonics - If you are supporting you child with their phonics at home please visit

<https://www.youtube.com/watch?v=ksblMiliA8> to ensure you are teaching the pronunciation of the sounds in the same way. There is also a link to the jolly phonic songs below.

<https://www.youtube.com/watch?v=jvAYUvQUrGo>

As the year progresses and children's understanding develops, home learning tasks will adapt and increase appropriately.

Reading

Please read with your child regularly. At this stage it is really helpful to encourage the children to use the pictures to tell stories.

We change the children's Home Reading books regularly. Their books and book bags will however be needed in school every day for 1:1 reading. You may like to add a positive or helpful comment in the reading diary but please acknowledge that the book has been read by signing and dating in the comments section.

More information about our reading strategies will be shared at the meeting.

Letters & Sounds	The children will bring home the sounds they have been working on in the week. The children can practice these sounds by writing them, finding words that start with them and cutting pictures out of catalogues. It would be really useful to support the children in identifying these sounds when reading with them. If you need support in knowing the letter sounds please use the video clip recommended above.
Maths	We will be using CBeebies Number Blocks to help with our teaching of number. We will be starting with '1' and then taking a different number every week to understand the value and embed foundations. Other maths activities will be taking place at the same time. This is part of the recommendations from the Maths Mastery approach.

Quick Reminders

- Please can you make sure your child brings in a **water bottle** and their **book bag** each day.
- Can the children please always bring a **coat** particularly as the British weather is unpredictable.
- Our regular PE days are Thursday and Friday but **PE kits should be in all week** as we fit in other sessions where possible.

Questions to think about at home:

What is your house built out of?
Who are your new friends?
What do I need in my school bag?
What is different and special about me?
Which animals live on a farm?

We hope you all have a lovely first term supporting the children in their learning and please do not hesitate to come and speak to us if you have any questions.

Thank you for your support.

Miss Denney & Mrs Smith
