

East Hoathly School RISK ASSESSMENT: COVID-19

Workplace	East Hoathly Primary School	Likelihood (L)	X	Severity (S)
Department	All	Almost Impossible	1	Insignificant (minor injury, no time off)
Risk Assessor	Vicky Lewis / James Procter / Alan Brundle	Unlikely	2	Minor (injury and up to 7 days off)
Room/Area	Whole school site	Possible	3	Moderate (injury causing more than 7 days off)
Activity/Task	School re-opening during the Covid-19 pandemic	Likely	4	Major (death or serious injury)
Date	14.05.2021	Almost Certain	5	Catastrophic (multiple deaths)
Benefit of activity	School open to all pupils	Low = 1-8	Medium = 9-14	High = 15-25

This model document was updated on 25th February 2021.

This version was written on 14th May 2021

It is being kept under review as updated guidance is published by the Government and reviews of the impact of COVID-19 by Public Health England.

School specific information is highlighted in yellow

Schools should share the results of their risk assessment with their workforce (including local union representatives). If possible, they should consider publishing it on their website to provide transparency of approach to parents, carers and pupils (HSE would expect all employers with over 50 staff to do so).

The [DfE latest documents and guidance webpage](#) is being updated regularly

What are the significant, foreseeable, hazards? (the dangers that can cause harm)	Who is at Risk?	Current control measures (What is already in place/done)	Risk Rating			What additional control measures can be put in place to reduce the risk further?	Revised Risk Rating		
			L	S	R		L	S	R
1. Potential transmission to clinically vulnerable staff and pupils Guidance is available in the Schools coronavirus (COVID-19) operational guidance	All members of school community	1a. Pupils: School attendance will be mandatory for all pupils from 8 March. Pupils who are under the care of a specialist health professional: <ul style="list-style-type: none"> Request parents discuss their child's care needs with their health professional to ensure appropriate risk controls. Further advice is available from the Royal College of Pediatrics and Child Health. Ensure these pupils have the support they need to ensure they are able to access remote learning 1b. Staff:	2	4	8				

			<ul style="list-style-type: none"> • The school will continue to assess the health and safety risks to staff and meet their equality duties as per their local procedures. • Governors and leaders should pay regard to the work-life balance and wellbeing of all staff including the headteacher. Schools should ensure they have explained to all staff the measures they are proposing putting in place and involve all staff in that process • Review systems to support the well-being of staff who may be anxious. Information about the <u>extra mental health support for pupils and teachers</u> is available. <u>A Wellbeing for Education Return programme is available for schools.</u> <u>Resources shared with available support highlighted.</u> • Supply teachers and other temporary or peripatetic teachers <u>Schools coronavirus (COVID-19) operational guidance</u> (can move between schools, but leaders should consider how to minimise the numbers of visitors to site where possible. <u>Visitors will be limited to professionals, peripatetic teachers and meetings where a virtual set-up is inappropriate (i.e. to share a lot of info, gain signatures, discuss sensitive info). A separate risk assessment will be shared prior to the visitor attending and either signature or emailed confirmation that they are happy with the restrictions in place will be needed.</u> • Volunteers may be used to support the work of the school, as would usually be the case. Mixing of volunteers across groups should be kept to a minimum, and they should remain 2m from pupils and staff where possible <u>Volunteers will mostly stick to one bubble, except when hearing readers needs to take priority. A separate risk assessment will be shared prior to the volunteer attending and either signature or emailed confirmation that they are happy with the restrictions in place will be needed.</u> <p>Conduct individual staff risk assessments for COVID-19 in line with the latest guidance. <i>Guidance on completing an individual risk assessment and templates are available on the web shop.</i></p> <ul style="list-style-type: none"> • Consider any risks to female employees of childbearing age and, in particular, risks to new and expectant mothers. If you are notified that an employee is pregnant, breastfeeding, or has given birth within the last 6 months, you should check the workplace risk assessment to see if any new risks have arisen. 						
--	--	--	--	--	--	--	--	--	--

			<ul style="list-style-type: none"> Conduct an assessment to help identify any additional action that needs to be taken to mitigate risks. Any risks identified at that point, or later during the pregnancy, in the first 6 months after birth, or while the employee is still breastfeeding, should be part of the general workplace risk assessment. Take appropriate sensible action to reduce, remove or control the risks. Refer any CEV to this guidance: Guidance on shielding and protecting people who are clinically extremely vulnerable from COVID-19 People who live with those who are clinically extremely vulnerable or clinically vulnerable can attend the workplace Where it is appropriate to do so, appropriate PPE should be worn All staff will wear masks in communal areas and when a social distance of 2m cannot be maintained. 							
2.	Risk of ongoing contamination from pupils and staff	All members of the school community	<p>Follow the DfE’s guidance for leaders and staff in schools on use of the NHS COVID-19 app. See the guidance here</p> <p>The following control measures should be considered in addition to those outlined in the East Sussex Model Risk Assessments for:</p> <p>(i) Movement around the School site, Entrances for each bubble identified; system and timetables for lunch time in place to avoid contact between bubbles. Layout of the school allows the 2 bubbles to keep separate.</p> <p>(ii) General classroom activities Equipment is not shared where possible and tables are spaced out as much as possible to allow a full curriculum, appropriate to their age group, be delivered. Whole school resources (such as laptops/sports equipment) are cleaned after their use.</p> <p>(iii) Lunchtime arrangements: Hot meals are provided for both bubbles. There are two sittings and the hall is cleaned in between sittings by Chartwells staff. Chn line up to collect their meals and staff assist by helping clear up, remaining 2m away where possible and the option of wearing masks and gloves.</p> <p>(iv) Playground activities, Playground split in half with no bubbles mixing. Adults remain 2m away from each other and there is a nominated first aider for each bubble daily.</p> <p>(v) Play equipment</p>	2	4	8	<p>Indoor or outdoor face-to-face performances can now take place. Schools should follow the latest advice in the working safely during COVID-19 in the performing arts guidance, which provides details of how to manage audiences as well as carry out performing arts safely.</p>			

			<p>Individual bubbles have boxes of equipment. Shared equipment outside is on a weekly rota with areas of the playground fenced off to prevent bubbles mixing.</p> <p>(vi) Educational Visits</p> <p>Schools may undertake domestic residential visits from 17 May. They will need to adhere to the COVID-19 guidance and regulations in place at that time. Annex C of the Schools coronavirus (COVID-19) operational guidance sets out the conditions that should be met when planning and undertaking a residential educational visit, including:</p> <ul style="list-style-type: none"> ○ making make sure that there is adequate financial protection in place. ○ Bubbles being formed from existing school bubbles ○ Bubbles being no larger than circa 30 children ○ Only teachers and members of the school workforce already part of the established school bubble accompanying pupils ○ Parents, carers or volunteers not accompanying the group ○ Undertaking a full and thorough risk assessment ○ Checking the provider has assessed the risk and implemented appropriate control measures ○ Multiple bubbles only attending if the integrity of the separate bubbles can be maintained ○ Being familiar with the guidance on hotels and other guest accommodation phased basis from 8 March, depending on your circumstances and local arrangements ○ If the visit contains more than 6 people, bubbles being broken down into smaller groups for sleeping and room sharing being limited as much as possible ○ The provider’s risk assessment determining the appropriate size for the rooms dependant on size and quality of the ventilation · Members of staff having their own room and not sharing · Bubbles ○ Staff taking a Covid test prior to and after the visit · Secondary age children being encouraged to take a Covid test prior to and after the visit 							
--	--	--	--	--	--	--	--	--	--	--

			<ul style="list-style-type: none"> ○ Bubbles having access to their own wash facilities (shared toilet facilities are permitted) ○ Each bubble having exclusive access to hospitality facilities such as dining rooms ○ The school having a clear contingency plan for rapid response to someone showing symptoms, including isolation and repatriation <p>Wraparound provision</p> <ul style="list-style-type: none"> ● Schools should continue to offer wraparound provision, such as breakfast and after-school clubs, for those children eligible to attend school to help support the children of critical workers. East Hoathly School will continue to offer wraparound care – 1x breakfast club and 3x afterschool childcare clubs. Forest School is continuing in line with the guidance (see Forest School-specific risk assessment) 1:1 music lessons will continue as will the drawing and talking therapy sessions as these are Covid-secure sessions. All risk assessments have been updated in line with this guidance: <u>guidance for those who run community activities, holiday clubs, after-school clubs etc</u> ● There is no requirement for anyone to wear a face covering during clubs, measures should be put in place if masks need to be removed on arrival. Any changes to the risk assessment and procedure will be communicated to the community through parent mail and/or paper copies of letters ● From 17 May, where wraparound and other extra-curricular activities for children are taking place indoors, they can take place in groups of any number. However, it remains important to continue to minimise mixing between children where possible by keeping children in consistent groups when they attend the setting. ● Take into account the recommended occupancy levels of the premises you are operating from and levels of ventilation. ● Guidance for providers of grassroots sport and sport facilities recommends that the maximum occupancy of an indoor facility should be limited by providing a minimum of 100sqft per person. ● The guidance for providers who run community activities, holiday clubs, after-school clubs, tuition and other out-of-school 							
--	--	--	---	--	--	--	--	--	--	--

			<p>provision for children may help you to plan extra-curricular provision, including appropriate group sizes.</p> <ul style="list-style-type: none"> • Parents should still not routinely be present. Where they do attend, you should consider the ability to maintain social distancing in line with the current guidance. <p>Face Coverings</p> <ul style="list-style-type: none"> • The recommendation continues to be that face coverings should be worn by staff and visitors in situations outside of classrooms where social distancing is not possible. Children in primary school do not need to wear a face covering. • Schools are able to work with external coaches, clubs and organisations for curricular and extra-curricular activities where they are satisfied that it is safe to do so. Schools should consider carefully how such arrangements can operate within their wider protective measures • There are specifics about swimming, and changing rooms, hand sanitising and PPE • Staff no longer need to wear masks in classrooms A reintroduction of face coverings for pupils, students or staff may be advised for a temporary period in response to particular localised outbreaks, including variants of concern. If this happens, schools and colleges will need to communicate quickly and clearly to staff, parents, pupils and learners that the new arrangements require the use of face coverings in certain circumstances. • Transparent face coverings, which may assist communication with someone who relies on lip reading, clear sound or facial expression to communicate, can also be worn. These are available in the PPE room for use as appropriate. They must be thoroughly cleaned once used. • Some individuals are exempt from wearing face coverings. This applies to those who: <ul style="list-style-type: none"> • cannot put on, wear or remove a face covering because of a physical or mental illness or impairment or disability • speak to or provide assistance to someone who relies on lip reading, clear sound or facial expression to communicate Parents will be asked to wear masks on drop-off and pick up. • Schools should have a small contingency supply available Masks available from PPE room. 							
--	--	--	--	--	--	--	--	--	--	--

			<ul style="list-style-type: none"> Schools should have a process for managing face coverings in school that is clearly communicated. Posters up in areas where masks are not needed, as long as 2m social distance can be adhered to. Clear plastic bags available for staff to use to store them when not in use. Safe wearing of face coverings requires cleaning of hands before and after touching – including to remove or put them on – and the safe storage of them in individual, sealable plastic bags between use Rapid testing using Lateral Flow Devices (LFD)s will support the return to face-to-face education by helping to identify people who are infectious but do not have any coronavirus (COVID-19) symptoms. Testing remains voluntary but strongly encouraged. Individuals with a positive LFD test result will need to self-isolate in line with the <u>guidance for households with possible coronavirus infection</u>. Staff in primary schools will continue to test with LFDs twice a week at home, as per existing <u>guidance on testing for staff in primary schools and nurseries</u>. Specific risk assessment in place for this and shared with staff. <p>2a – Pupils</p> <ul style="list-style-type: none"> The overarching principle to apply is reducing the number of contacts between pupils and staff. This can be achieved through keeping groups separate (in ‘bubbles’) and through maintaining distance between individuals. Two bubbles across the school of a maximum of 60 pupils per bubble Review the NHS <u>guidance on hand cleaning</u> Staff MUST ensure that pupils engage in regular handwashing for 20 seconds with soap and water (or use sanitiser) at the following times: <ul style="list-style-type: none"> arrival to school returning from breaktime before & after eating when they change rooms Younger children supervised when washing hands and supervision also ensured where necessary when hand sanitiser is being used given risks around ingestion. Older pupils should be supported to maintain distance and understand not to touch staff and their peers where possible. 						
--	--	--	---	--	--	--	--	--	--

			<p><i>(this will not be possible for younger children and those with complex needs). Contact between groups should be avoided.</i></p> <ul style="list-style-type: none"> • Leaders MUST ensure that school has enough tissues and bins available to support pupils and staff to follow the catch it, kill it bin it approach. Reinforce routines of using a tissue to cough or sneeze and bins for tissue waste. <p>Site Manager monitors supply of stock and orders as and when necessary, ensuring there is always surplus in case of a supply chain issue.</p> <ul style="list-style-type: none"> • Remind children regularly not to touch their face with their hands. When they do so encourage them to wash hands immediately. • Coordinate pastoral support for pupils (parents/carers and staff) who feel anxious • Ensure appropriate support is made available for pupils with SEND by deploying support staff and accommodating visiting specialists in line with the DfE <u>schools coronavirus (COVID-19)operational guidance</u> and the EEF guidance on <u>making the best use of teaching assistants</u> • Groups should be kept apart, meaning that schools should avoid gatherings such as assemblies or collective worship with more than one group. <p>Collective Worship to happen in bubbles only with space well ventilated.</p> <ul style="list-style-type: none"> • Work in partnership with local BAME and/or faith communities to reinforce individual and household risk reduction strategies relevant to the school community <u>PHE review of the impact of Covid-19 on BAME groups</u> • Communication re hygiene measures recommended after school and pupils need clean clothes each day. Schools are encouraged to maintain their usual uniform policies • Toilets will be cleaned regularly and pupils encouraged to clean their hands thoroughly. Different groups being allocated their own toilet blocks could be considered but this is not a requirement if the site does not allow for it Separate toilets are in place for the 2 bubbles • Ongoing vigilance, monitoring and support for any emerging pastoral, anxiety and/or mental health issues. Information about the extra mental health support for pupils and teachers is 						
--	--	--	---	--	--	--	--	--	--

			<p>available. Consider additional support for pupils, parents and staff impacted by latest PHE reports on impact upon different groups</p> <p>2b – Staff</p> <ul style="list-style-type: none"> • All teachers and other staff can operate across different groups. Where staff need to move between groups, they should try and keep their distance from pupils and other staff as much as they can, ideally 2 metres from other adults and pupils where possible. • Ensure staff are aware of DFE guidance that social distancing guidance is to avoid close face to face contact and minimise time spent within 1m of anyone. Reminders displayed to staff about what consists of ‘close contact’ and to keep distance in communal areas – particularly staff room and playground. • Reinforcing learning and practice of good hygiene habits through games, songs and repetition • Assemblies, breaktime and lunchtimes and movement around the school are staggered so groups do not come into contact • Organise appropriately sized groups and encourage social distancing in line with the detailed <u>schools coronavirus (COVID-19) operational guidance</u> • Maintain a review of timetables to identify activities that can take place outdoors and reduce movement around the school buildings • PE lessons can continue in consistent groups • For sports lessons, ensure pupils are in consistent groups, that sports equipment is thoroughly cleaned between each use by different individual groups. • Schools can hold PE lessons indoors, including those that involve activities related to team sports, for example practising specific techniques, within their own system of controls. However, outdoor activities and sports should be prioritised where possible, and large indoor spaces used where it is not, maximising natural ventilation flows. • The <u>‘recreational team sport framework’</u> must be followed. Competitions against other schools, such as fixtures, are prohibited. • Schools are able to work with external coaches, clubs and organisations for curricular and extra-curricular activities where they are satisfied that it is safe to do so. Schools should consider 							
--	--	--	--	--	--	--	--	--	--	--

			<p>carefully how such arrangements can operate within their wider protective measures.</p> <ul style="list-style-type: none"> • There are specifics about <u>swimming</u>, and <u>changing rooms</u>, hand sanitising and PPE • Use of staff rooms should be minimised, although staff must still have a break of a reasonable length during the day Staff use the staffroom as infrequently as possible and ensure they remain 2m away from other staff once in there. Windows are open for ventilation and hand sanitiser is used before and after using shared equipment –e.g. kettle, fridge etc. • Ongoing leadership support for any emerging anxiety and/or wellbeing issues • Review the school’s first aid risk assessment and follow <u>HSE Guidance</u>. <p>2c – Buildings and resources</p> <ul style="list-style-type: none"> • Ensure all the usual building checks are undertaken to make the school safe. • Engage children in education resources such as <u>e-bug</u> and <u>PHE schools resources</u> • Health and Safety, and safeguarding policies and practices kept up to date in line with current DfE guidance. • Tell pupils, parents/carers and any visitors, such as suppliers, not to enter the school if they are displaying any symptoms of coronavirus (following the COVID-19: <u>guidance for households with possible coronavirus infection</u>) • Maintain staff and visitor signing-in arrangements to ensure social distancing and hygiene e.g. where someone physically signs in with the same pen or using a tablet in Reception areas • Classrooms and other learning environments organised to maintain space between seats and desks where possible. • Systems in place to reduce congestion in corridors and access via external doors where possible e.g. one-way systems. • Furniture arranged to allow for seating pupils side by side and facing forwards where possible. • Unnecessary furniture moved out of classrooms to make more space • Halls, dining areas and internal and external sports facilities used for lunch and exercise in line with latest guidance 						
--	--	--	---	--	--	--	--	--	--

			<ul style="list-style-type: none"> ● Kitchens comply with the <u>guidance for food businesses on coronavirus (COVID-19)</u>. They should be able to provide food to all pupils who want it, including FSM or universal infant free school meals. To balance the need for increased ventilation while maintaining a comfortable temperature, the measures outlined in ‘Keeping occupied spaces well ventilated’ in Part 7 of the <u>Schools coronavirus (COVID-19) operational guidance</u> should be used as appropriate to avoid build-up of viral load. ● Ensure sufficient and proportionate handwashing supplies and cleaning materials are available. Where a sink is not nearby, provide hand sanitiser in classrooms and other learning environments ● Thorough cleaning of rooms and equipment at the end of each day and between use by different groups ● Resources that are shared between classes or bubbles, such as sports, arts, and science equipment must be cleaned frequently. When sharing equipment between different bubbles, you should either: <ul style="list-style-type: none"> • clean it before it is moved between bubbles • allow them to be left unused for a period of 48 hours (72 hours for plastics) ● Pupils limit the amount of equipment they bring into school each day, to essentials such as lunch boxes, hats, coats, books, stationery and mobile phones. Bags are allowed. ● For individual and frequently used equipment, it is recommended that staff and pupils have their own equipment that is not shared ● Pupils and teachers can take books and other shared resources home, although unnecessary sharing should be avoided, especially where this does not contribute to pupil education and development. <u>See letter home to parents on how EH will manage these risks.</u> ● Pupils should continue to have access to a quality arts education. As well as careful social distancing, music lesson should take place in small groups outdoors or in large, well ventilated rooms. <u>When singing, ensure windows are open and as much space between the children as possible</u> ● Schools should keep any background or accompanying music to levels which do not encourage teachers or other performers to raise their voices unduly. 						
--	--	--	---	--	--	--	--	--	--

			<ul style="list-style-type: none"> • Pupils should be positioned back-to-back or side-to-side when playing or singing (rather than face-to-face) whenever possible. https://www.gov.uk/government/publications/coronavirus-covid-19-online-education-resources • PHE endorsed 'systems of control' now build upon the hierarchy of protective measures in use since the Covid-19 pandemic. Schools must work through them, adopting measures to the fullest extent possible. schools coronavirus (COVID-19) operational guidance • Government recommends sharing risk assessments online through the school's website as good practice. • Keep risk assessments under regular review in line with government • Provide regular updates for governors. • Continue routine updates to the school's staffing audit as situations may change. Consider the impact on statutory roles e.g. headteacher, SENCO, DSL, first aiders, paediatric first aider. • Offices are adapted to enable social distancing for teaching, admin and support staff where possible. 						
3.	Site Safety risks <ul style="list-style-type: none"> • Fire procedures • Lockdown • Movement for lunch / transitions • Toilets • Security including risk of theft • Data breaches 	All members of the school community	<ul style="list-style-type: none"> • SLT lead identified: Vicky Lewis (HOS) and Sheridan Denney in VL's absence. • Continue taking the attendance register and following up any absences in line with statutory guidance. • School to follow risk assessments for premises and accessing outside equipment and areas. • Ensure pupils, parents and staff are aware that DfE guidance states that different groups/bubbles don't need to be allocated their own toilet blocks, but toilets will need to be cleaned regularly and pupils must be encouraged to clean their hands thoroughly after using the toilet. • Share updated fire evacuation information with all staff during daily briefing. • Share updated fire evacuation information with children Fire alarm practice scheduled termly • Follow revised lunch and break rotas to ensure safe movement around school • Children to seek permission to use toilets to ensure staff know where children are at all times 	2	4	8			

			<ul style="list-style-type: none"> High expectations of how children move around school upheld by all members of staff Any incidences are logged, and the risk assessment is evaluated, and changes made as a result of lessons learned. Arrange revised fire evacuation drills / lockdown drills regularly (termly and already book in for the year) Reconsider e-safety policies and procedures in light of lessons learned during home learning 						
4.	Risk of transmission between parents and pupils during school drop-off and collection times	All members of the school community	<p>The following control measures should be considered in addition to those outlined in the East Sussex Model Risk Assessment for Access and Egress and Movement around the school site.</p> <ul style="list-style-type: none"> Where children are accompanied to school, only one parent to drop-off or collect. Parents to maintain 2 metre social distancing rule and to wear a mask Allocated drop off and collection times in place and parents/carers informed of procedures including the protocols for minimising adult to adult contact (for example, which entrance to use) Ensure parents and carers do not gather at entrance gates or doors or enter the site (unless they have a pre-arranged appointment, which should be conducted safely). Reminders of all of the above in weekly newsletter. Monitored by staff on the gate and any issues communicated via phonecall or email. 	2	4	8			
5.	Risks of possible transmission to pupils who travel to school by dedicated school transport (including statutory provision) or wider public transport	Pupils	<ul style="list-style-type: none"> The <u>schools coronavirus (COVID-19) operational guidance</u> details the framework for transporting pupils to and from schools No pupils use public transport or dedicated school transport. All either walk or travel in parent cars. 						
6.	Risk of ongoing contamination from people (staff, parents/carers, visitors, contractors	All members of the school community	<p>Face coverings: All adults to wear face coverings while moving around the site from the moment of entry. They are not required to be worn outside. This will be communicated to all when booking to visit the school.</p> <ul style="list-style-type: none"> Ensure contractors, school meal providers, milk providers and fruit providers can fulfil all risk assessment requirements 	2	4	8			

	and/or deliveries) coming into school		<ul style="list-style-type: none"> • Contractors aware of any changes to school day – e.g. staggered lunchtimes and the local control measures in place. • Minimise any visitors to the school and clear messages shared about social distancing procedures for adults. Ensure record are kept of all visitors; names, dates, and contact details. • Ensure that the school engages with local immunisation services and programmes as normal • Parents and carers bringing or collecting pupils during the day phone ahead and arrange to drop/collect safely and not enter the site if possible • Strict handwashing procedures in place as soon as pupils/staff/visitors/contractors arrive in school • Ensure reception layout is compliant with social distancing guidance e.g. screens, barriers etc. Ensure the DfE guidance for Health and Safety https://www.gov.uk/government/publications/health-and-safety-advice-for-schools/responsibilities-and-duties-for-schools is followed. • As DfE guidance advises limiting the number of visitors, we recommend schools consider a flexible approach to interviews, with alternative options to face to face interviews offered where possible. • For any staff member or pupil who feels unwell, check for <u>recognised symptoms of COVID-19</u>. Public Health England advise routinely taking the temperature of pupils is not recommended as it is an unreliable method for identifying coronavirus (COVID-19). Thermometer held on site for checking temperature if individual reports feeling unwell Isolate and send children and staff home immediately if they display symptoms (See section 7 below) Quarantine room in place to enable isolation • Review effectiveness of revised site management systems – e.g. corridor use and hand washing routines etc to ensure appropriate social distancing for any visitors. • A copy of the COVID-19 specific risk assessment for catering and cleaning contractors is kept by the school • Revise visitor arrangements to ensure social distancing and hygiene e.g. where someone physically signs in with the same 							
--	---------------------------------------	--	---	--	--	--	--	--	--	--

			pen or using a tablet in Reception areas. Signage requesting hand sanitization before and after using the tablet is in place						
7.	Risk that contamination exists within the school environment due to ineffective hygiene measures.	All members of the school community	<ul style="list-style-type: none"> Site staff follow <u>schools coronavirus (COVID-19) operational guidance</u> and are aware of the <u>COVID-19: cleaning of non-healthcare settings guidance</u> which should be followed when there is a suspected or confirmed case With some children in school, all frequently touched surfaces, equipment, toilets, door handles, and toilets used during the day will need to be cleaned thoroughly each day. All handwashing sinks, soap dispensers, hand gel etc are checked daily to ensure stock levels are adequate Equipment such as books and games, are regularly cleaned along with all touched surfaces. Any books that go between home and school are quarantined for 72 hours Ensure resources shared between classes or bubbles, (e.g. sports, art and science equipment) is cleaned frequently. It MUST be meticulously cleaned between its use by different bubbles or rotated to allow it to be left unused and out of reach 48 hours (72 hours for plastics). Consider how outdoor play equipment is used ensuring more frequent cleaning. Review any use of shared equipment by wrap-around care providers. Outdoor shared equipment is used on a weekly rota Enhanced cleaning schedule in place to ensure effective hygiene standards and comply with latest guidance 	2	4	8			
8.	Risk of transmission from pupils and staff who have been in contact with the virus and/or are showing signs of having the virus (a new, continuous cough or a high temperature)	All members of the school community	<p>Schools MUST ensure they understand the NHS Test and Trace process and how to contact the local <u>Public Health England health protection team</u>. <i>(see contact details on the first page of this document)</i></p> <ul style="list-style-type: none"> Leaders to ensure staff and parents understand their responsibility should they be showing symptoms of COVID-19 to be ready and willing to: <u>book a test</u>, provide details of who they have been in close contact with and to then self-isolate in line with current government guidance If anyone in the school becomes unwell with a new and persistent cough or a high temperature, or has a loss of or change in, their normal sense of taste or smell (anosmia), they must be sent home and advised to follow <u>guidance for households with</u> 	2	4	8			

			<p>possible or confirmed coronavirus (COVID-19) infection, which sets out that they should self-isolate for that day and the following 10 full days and should arrange to have a test to see if they have coronavirus (COVID-19).</p> <ul style="list-style-type: none"> • Other members of their household (including any siblings) should self-isolate starting from the day the individual's symptoms started (or the day their test was taken if they did not have symptoms, whether this was an LFD or PCR test), and the next 10 full days. • Revise plans and source suitable PPE supplies (e.g. non latex gloves preferable) to be used by: <ul style="list-style-type: none"> ○ the supervising member of staff if a 2m distance cannot be maintained during isolation of an unwell child onsite. ○ staff caring for pupils with routine intimate care needs that involve the use of PPE <p>The plan should identify any likelihood of behavioural, SEND and possible use of restraint issues etc that may apply</p> <ul style="list-style-type: none"> • If a member of staff or pupil is displaying symptoms, isolate them immediately to a room behind a closed door. If appropriate arrange adult supervision in line with guidelines. Ideally open a window for ventilation. • Separate bathroom facilities should be used if necessary, which should then be cleaned and disinfected before use by anyone else (single adult toilet) • Employers have a duty of care for all staff and should ensure that staff who are sent home displaying symptoms of COVID-19 are tested as soon as practicably possible. Headteachers should communicate to staff that if they are displaying symptoms they should be tested 'as soon as practicably possible.' • If school is notified of a positive COVID19 test result for a member of staff or a pupil, we must contact the DfE Helpline on 0800 046 8687 and select option 1 for advice on the action to take in response to a positive case. You will be put through to a team of advisers who will inform you what action is needed based on the latest public health advice. If, following triage, further expert advice is required the adviser will escalate your call to the PHE local health protection team. • Schools need to take swift action when they become aware that someone who has attended has tested positive for Covid-19. 						
--	--	--	--	--	--	--	--	--	--

			<p>Schools can contact the dedicated advice service introduced by Public Health England (PHE) and delivered by the NHS Business Service Authority and can be reached calling the DFE Helpline on 0800 046 8687 and selecting option 1.</p> <ul style="list-style-type: none"> • PHE will conduct a rapid risk assessment and advise the school on the actions to take including the definitive advice on who must be sent home. Should this be the case PHE will provide a template letter to inform parents and staff. • In line with government guidance school MUST not share the names or details of people with COVID-19 unless essential to protect others <p>Call Surrey & Sussex Health Protection Team (HPT) on 0344 225 3861 (0844 967 0069 out of hours) if:</p> <ul style="list-style-type: none"> • 10% (or more) of a bubble is affected within 14 days – for example, if there are 3 or more confirmed cases of COVID-19 in a bubble of 30 people • 10% (or more) of staff are affected within 14 days – for example, if there are 6 or more confirmed cases of COVID-19 in a staff of 60 • 3 (or more) bubbles within your school/setting contain at least one confirmed case • Arrange for deep clean of medical room and other facilities as necessary before they are used again. The updated cleaning of non-healthcare settings guidance describes the cleaning required, the appropriate disposal of materials, the cleaning of equipment and hard surfaces, and the personal protective equipment (PPE) that should be worn. <p>Revise plans and PPE supplies in the light of experience or any updated guidance.</p> <ul style="list-style-type: none"> • The PCR test kits sent to schools can be used in the exceptional circumstance that an individual becomes symptomatic and schools believe they may have barriers to accessing testing elsewhere. It is for schools to determine how to prioritise the distribution of their test kits in order to minimise the impact of the virus on the education of their pupils. • These kits can be given directly to staff or parents and carers collecting a child who has developed symptoms at school.

9.	Contingency planning	All pupils and staff	<ul style="list-style-type: none"> Ensure that contingency plans are in place, being reviewed and updated Leaders and governors should devise contingency plans to cover a potential local outbreak. In such an event the PHE health protection team or local authority may advise a school or number of schools to close temporarily to help control transmission. 	2	4	8	<ul style="list-style-type: none"> Review contingency plan 	2	4	8
