

Term 3 Newsletter

What makes a hospitable environment?

Dear Parents,

We hope you have had a restful break and a lovely Christmas! This term, we are starting a new geography topic based around 'What makes a hospitable environment?'. We will explore a variety of texts such as, Wolf Brother by Michelle Paver, Hole by Louis Sachar and No Ballet Shoes in Syria by Catherine Bruton.

Reading	Please read with your child at least three times a week at home and ensure it is signed and dated. A member of staff will be checking reading diaries on a Monday and counting the number of reads on the class record.
Maths	Maths homework will be set on a Monday and will be expected to have been completed by the following Monday .
Times Tables	Children will learn their tables and practise these in school. Children should be practising their tables regularly at home.
Grammar	Grammar homework will be sent home on a Monday and will be expected to have been completed by the following Monday .

Helping to enrich our topics

It is always great to have items or visitors that support our topic, so if anyone has any experience or items that may help us with any of the work above that we could hear about or borrow, we would love to see and hear about them.

Reminders – Please can you make sure your child brings in a water bottle each day; ensure all jumpers are labelled and bring a coat. Year 5 and 6 still have PE on a Monday and a Friday, so children should come to school in PE kit on those days

Many thanks for your continued support,

Kind regards,

Miss Seymour
