TERM 1, WEEK 7

This week we are diving into the much-loved story of Supertato! We will be bringing the story to life through our very loved Drawing Club, where we will explore the characters, create our own supermarket adventures and use our imaginations to think about what we would do if Evil Pea struck again! We will also be getting creative and designing our very own Supertato characters, complete with superhero capes and masks.

As we continue our preparations for our Harvest Festival, we will be learning and practising our songs and have a very special Makaton prayer to share with you all. We can't wait to show you!

In Maths, we will be becoming pattern detectives, spotting patterns in the natural world around us, exploring repeating patterns through stories such as We're Going on a Bear Hunt, and even creating our own potato stencil patterns. With superheroes, stories, patterns, creativity and a little bit of Evil Pea mischief, it's going to be a super week!
