Term 6 Week 7

Thursday 22nd July

Year Six

What a year it's been for you! From Lockdown Disney Quizzes to cancelled SATs, virtual Secondary School transitions to only contacting your buddies through postcards, you really have had to adapt to an unusual final year at Primary School. Although there are times when it's been tricky, you really have proven yourself to be total St Mary's stars - never moaning or complaining, you have tackled every task thrown your way with good humour and resilience. You are all absolute winners and have made the last year all worth it. I will miss you all for different reasons, but as you make your way out into the world, know that "You are braver than you believe, stronger than you seem, smarter than you think and more loved than you will ever know."

School Value and weekly reflection

Each term, we focus on a Christian Value with weekly reflection in assembly and in class. We would like to develop this further by asking you to discuss the reflection of the week with your child(ren) at home.

This term we are looking at Respect.

Respect

Week 7:

Different views and opinions are really important – we must learn how to get on with those with whom we don't always agree.

Discuss with your class how you can show respect to other people, even if you think differently to them.

What We Offer

Facebook Page and Website

This pandemic has upended family life around the world. School closures, working from home and social isolation – it's a lot to navigate for anyone, but especially for parents. Find handy links to help you manage this new (temporary) normal, including information on how to handle your relationship issues, common parenting problems, health & wellbeing, and much more!

ONLINE Webinars

Most of the time parenting is great fun, you know you are doing a good job; but there are times when things get a little tricky.

Like when your toddler won't eat her dinner; or your six-year-old won't pick up his toys. Maybe your child never seems to listen. If only someone could give you some ideas to make those times easier!

Sound like you? Then come along!

Each webinar lasts between 1 to 2 hours, you'll watch short video clips showing other parents successfully dealing with the same issues and you'll be encouraged to share your thoughts with the other parents in the group, if you wish to. You'll also be given a workbook with simple exercises and information to help you try your new strategies at home.
