

# ALL OF HEAVEN

1. Come as you are,  
Come to the stable, gather round.  
You've travelled far,  
But you'll arrive here safe and sound.

**CHORUS**      *We're watching over you,  
Promise to guide you through.  
Know in your heart it's true,  
All of heaven is rooting for you,  
All of heaven is rooting for you!*

2. All of the road,  
It's been a journey worth the wait.  
Left all you know,  
Coz you've been called to celebrate.

**CHORUS (with optional harmony on last two lines)**

3. Oh what a night!  
One you'll remember through the years.  
Followed the signs,  
It's not by chance that you are here.

**CHORUS**      *We're watching over you,  
Promise to guide you through.  
Know in your heart it's true,  
All of heaven is rooting for you,  
All of heaven is rooting for you!*

## Optional harmony

*Over you,  
Guide you through,  
Heart it's true,  
All of heaven is rooting for you,  
All of heaven is rooting for you!*

**CHORUS**
