## ONLINE Webinars 1-2 hours (all ages)

Parenting is mostly a joy – you know you're doing a great job. But hey, let's be real, sometimes things can get a bit tricky. Well, guess what? We've got your back! Join us for our webinars where we'll tackle these common challenges together. Each session lasts between 1 to 2 hours. You'll watch brief video clips featuring other parents dealing with similar issues, and you'll have the chance to share your own thoughts with the group if you want. Plus, you'll receive a workbook filled with straightforward exercises and helpful information to try out your newfound strategies at home. So, let's make parenting a little easier – come join us!

## Dealing with Disobedience (Getting Your Child to Listen)

**(2-12 years) 2 hours**

[EH.0-19parentingteam@eastsussex.gov.uk](mailto:EH.0-19parentingteam@eastsussex.gov.uk)

You say it once...twice...three times...maybe even more! As you get more annoyed you get louder, then, before you know it, you're yelling! Only then do your kids finally follow your instruction, reluctantly doing as they are told. Or maybe your toddler or child starts yelling back! If you're wondering how to get your kids to listen without yelling, it helps to start to understand what could be making them behave this way.

All children misbehave at times, and we all face those moments when children will not do as they are told. This very popular session helps parents to teach their children limits, do as they are told and understand the meaning of the word *No*

**Building Teen Survival Skills (10+ years) 2 hours**

[EH.0-19parentingteam@eastsussex.gov.uk](mailto:EH.0-19parentingteam@eastsussex.gov.uk)

Talking to teenagers about risky situations can be tricky, as they often believe parents are overreacting. For example, is your teenager looking to go on a sleepover at their friend's house who you don't know? Do they want to stay at home alone, do they want to hang out in town with their friends? Teenagers need to be able to recognise risky situations, have a plan for coping with these and/or avoid more dangerous situations.

The STOP Programme also gives information on key parental concerns for this age group such as drugs, drink, sexual health and aggression in young people. This course is mindful of parents/carers needs and emotions *as well as* the teenagers.
