[1] Difference is between outcomes of national non-FSM/disadvantaged pupils and school FSM/disadvantaged pupils (see notes page for details)

[2] Pupils not on roll in the January school census are not included   [4] Non SEN pupils are compared to non SEN pupils nationally

[3] SEN Support & EHCP pupils are compared to all pupils nationally

Indicates school performance is above the national comparator by more than three pupils or attainment is 100%   Indicates school performance   Indicates school performance is below the national comparator by more than one pupil

Indicates school performance is above the national comparator by more than one pupil   within one pupil of national   Indicates school performance is below the national comparator by more than three pupils

Key:

EXS - Working at the Expected Standard

Reached the expected standard (or higher) in the tests (scaled score of 100 or more)

Working at the expected standard (EXS) based on Teacher Assessment (including those working at a greater depth (GDS))

Reaching the expected standard in Reading and Maths tests and EXS in Writing Teacher Assessment

GDS - Working at a Greater Depth within the Expected Standard

Achieving a 'High Score' in the tests (Scaled score of 110 or more)

Working at greater depth within the expected standard (GDS) based on the teacher assessment

Achieving a 'High Score' in Reading and Maths tests and GDS in Writing Teacher Assessment

Attainment Percentages / Scaled Scores

Indicates school performance is above the national comparator by more than three pupils/points
Indicates school performance is above the national comparator by more than one pupil/point
Indicates school performance within one pupil/point of national comparator
Indicates school performance is below the national comparator by more than one pupil/point
Indicates school performance is below the national comparator by more than three pupils/points

1 Difference is between outcomes of national non-disadvantaged pupils and school disadvantaged pupils (attainment only) (see notes page for details)

2 Pupils not on roll in the January school census are not included

3 SEN Support & EHCP pupils are compared to all pupils nationally (attainment only)

4 Non SEN pupils are compared to non SEN pupils nationally (attainment only)

Scaled Scores - The average is calculated by taking the sum of all scaled scores divided by the number pupils with a scaled score. E.g. if a pupil did not take the test or took the test but did not receive score, then they are excluded from the calculation.

Progress Scores - The average is calculated by taking the sum of all progress scores divided by the number pupils with a progress score. E.g. if a pupil did not have any prior attainment at the end of KS1, then they are excluded from the calculation.

Differences Methodology

All differences are calculated to match the methodology used by the DfE both in published data and that made available via ASP. The national outcome is subtracted from the school/LA/Group outcome. If the national outcome is greater than the School/LA/group outcome, this results in a negative difference being shown in the reports.

NCER - August 2024 (for unpublished data)

NCER National - These figures are provisional and unpublished indicators of national benchmarks, not official DfE National data, being based on the aggregation of all local authorities' data collected directly from schools. NCER National results become more robust as more data is loaded by LAs, so are subject to change at this early stage. NCER National results have been a reliable, robust source of early data for LAs and schools when compared to DfE National data for many years.
