Introduction

At Pioneer Primary Schools, the subject leader will provide professional leadership and management for a subject to secure high quality teaching, effective use of resources and improved standards of learning and achievement of all pupils.

A subject leader provides strategic leadership and direction for the subject and ensures that it is managed and organised to meet the aims of objectives of the school and the subject. While the Executive Head, Heads of School and governors carry overall responsibility for school improvement, a subject leader has responsibility for securing high standards of teaching and learning in their subject as well as playing a major role in the development of the school policy and practice. Throughout their work, a subject leader ensures that practices improve the quality of education provided, meet the needs and aspirations of all pupils, and raise standards in the school.

A subject leader plays a key role in supporting, guiding and motivating teachers of the subject, and other adults. Subject leaders evaluate the effectiveness of teaching and learning, the subject curriculum and progress towards targets for pupils and staff, to inform future priorities and targets for the subject. Although the subject leaders will undertake a variety of monitoring activities, the Executive Head Teacher, Heads of School and Assistant Heads will retain a larger proportion of that monitoring which requires direct classroom observation of teaching and learning.

A subject leader identifies needs in their own subject and recognizes that these must be considered in relation to the overall needs of the school. It is important that a subject leader has an understanding of how their subject contributes to school priorities and to the overall education and achievement of pupils.

Effective leadership results in:

- a. **pupils who** show sustained improvement in their subject knowledge, understanding and skills in relations to prior attainment; understanding the key ideas in the subject at the level appropriate to their age and stage of development; shows improvement in their literacy, numeracy, information technology skills; knows the purpose and sequence of activities; are well prepared for any tests in the subject; are enthusiastic about the subject and highly motivated to continue with their studies; through their attitudes and behaviour, contribute to the maintenance of a purposeful working environment;
- b. **teachers who** work together as a team; support the aims of the subject and understand how they relate to the school's aims; are involved in the formation of policies and plans and apply them consistently in the classroom; are dedicated to improving standards of teaching and learning; have an enthusiasm for the subject which reinforces the motivation of pupils; have high expectations for pupils and set realistic but challenging targets based on a good knowledge of pupils and the progression of concepts in the subject; make good use of guidance, training and support to enhance their knowledge and understanding of the subject and to develop expertise in their teaching; taking account of relevant research and inspection findings; make effective use of subject-specific resources; select appropriate teaching and learning approaches to meet subject-specific learning objectives and the needs of pupils;
- c. **parents who** are well informed about their child's achievements and attainment in the subject and about targets for further improvement; know the expectations made of their child in learning the subject; know how they can support or assist their child's learning in the subject;
- d. **Senior Leaders who** understand the needs of the subject; use information about achievements and development priorities in the subject in order to make well informed decisions and to achieve greater improvements in the whole school's development and it's aims;
- e. **other adults in the school and community, including technical and administrative staff, classroom assistants, external agencies and representatives of business and industry, who** are informed of subject achievements and priorities; are able; where appropriate, to play an effective role in supporting the teaching and learning of the subject.

All teachers have a contractual obligation to help manage the teaching of colleagues through subject leadership. The following documents outline this obligation.

School Pay and Conditions Document

Teachers who are subject managers for the whole school can be expected

- (a) To develop a clear view of the nature of their subject and its contribution to the wider curriculum of the school, including creating Road Maps to show the clear progression of skills and knowledge in the subject;
- (b) To provide advice and documentation to help teachers to teach the subject and interrelate its constituent elements;
- (c) To play a major part in organising the teaching and the resources of the subject so statutory requirements are covered.

Professional Dialogue

You will have the opportunity to discuss your subject leader role with your reviewer for Performance Management. A copy should be kept in your Professional Portfolio

Subject leaders have a file, which is kept up to date.

All files contain the following information:

Strategic direction and development of the subject – Policy

Within the context of the school's aims and policies, subject leaders develop and implement subject policies, plans, targets and practices, which reflect the school's commitment to high achievement, effective teaching and learning. This policy needs to be updated at least annually, more often if there is a development or change in the subject.

Standards and Progress

Subject leaders create medium term plans for teachers in all year groups to support the effective delivery of their subject. They evaluate practice and develop an acceptance of accountability. They monitor the progress made towards achieving subject plans and targets, they evaluate the effects on teaching and learning, and use this analysis to guide further improvement, using a variety of Subject Leader tools:

- Work sampling
- Planning sampling
- Teacher discussion
- Pupil interviews
- Class swap
- Observing learning and rates of progress in lessons

Once the standards have been monitored, the findings are acted upon by the subject leader.

- An annual report is sent to the Governors
- Feedback is given to head teacher and to colleagues
- Any areas for development are fed into the Subject Action Plan and acted upon

Staff CPD

Subject Leaders audit training needs of staff and lead professional development of staff through example and support, and co-ordinate the provision of high quality professional development by methods such as coaching, drawing on other sources of expertise as necessary.

Subject leaders provide guidance on the choice of appropriate teaching and learning methods to meet the needs of the subject and of different pupils.

Subject leaders provide the support, challenge, information and development necessary to sustain motivation and secure improvement in teaching. They establish clear expectations and constructive working relationships among staff through team working and mutual support.

The role of the subject leader

The overall purpose of the subject leader is to be a “**champion**” for their subject and to contribute to school improvement by raising standards in achievement through the provision of high quality teaching and learning experiences for all children.

The subject leader will:

Consult:

- With the senior leader with responsibility for teaching and learning concerning the development of their area of the curriculum within the context of the school policies
- With the senior leader with responsibility for curriculum to ensure that the legal requirements of the National Curriculum are covered effectively
- With other schools to promote the dissemination of good practice
- With other schools to ensure curriculum continuity and progression, common understanding of assessment practice and the sharing of resources and or/expertise
- With school Governors over the policy documentation and standards in teaching and learning
- With professional associations to draw upon their curriculum expertise and keep up to date with current thinking and research

Develop curriculum planning by:

- Having regard to and interpreting the local authority policy and national guidance
- Develop termly Medium Term Plans, key vocabulary front unit sheets and end of unit quizzes
- Be available to offer ideas for resources or lesson plans where staff need assistance
- Working with the head teacher and staff to draw up/review a policy document for the specific curriculum area
- Working with the relevant teaching staff to draw up units of learning, reviewing those plans subsequently to ensure continuity and progression and monitoring and advising on the planning documentation to ensure breadth, balance and progression

Ensure effective implementation of the curriculum by:

- Working alongside other teachers to support staff in the classroom to inform their practice
- Model good teaching and learning, demonstrating their particular expertise in their subject
- Planning and delivering school based CPD or INSET in their curriculum area
- Keeping up to date on current thinking and research and share significant developments with staff
- Being proactive in their subject leader role by identifying priorities, assessing possibilities and recommending available courses of action
- Working with the senior leadership team to convene meetings for staff to discuss, explain and agree work in their curriculum area. This will involve drawing up agendas, keeping minutes and notes of actions to take

Develop appropriate resources by:

- Developing a knowledge of the resources that are available nationally, regionally and locally e.g. resource centres, museums, area support groups, places of interest, apps and visiting speakers
- Acquiring resources for the school
- Managing the resources within the school ensuring that they anticipate and reflect the planned curriculum
- Providing guidance to the staff on the resources available and the ways in which they can be used
- Maintaining resources and monitoring their proper use and storage
- Alerting staff to any health and safety issues relating to any specific items of equipment

Develop effective assessment and record keeping procedures by:

- Developing, within the context of the whole school policy on assessment and the assessment framework, assessment practices in their particular curriculum area
- Assisting colleagues so that the final assessment procedures are carried out with clarity and consistency
- Within the framework of the whole school policy on assessment and the assessment framework develop an appropriate record keeping system for the curriculum areas which is both formative and summative

Monitor and evaluate standards in teaching and learning by:

- Working with colleagues to establish the effectiveness of the current planning processes, teaching and learning approaches, assessment and record keeping
- Evaluate (and take on board pupil and teacher evaluations) the effectiveness of their subject, making changes in consultation with Heads of School.

Subject Area:

= Person Responsible

= Identified Group

= Person Monitoring

= Person Evaluating

Targets:

- 1) **Curriculum Cycle 1 Termly (x2) 'MTPs, key vocab sheets and end of unit quizzes' developments:** Ensure development of subject termly 'MTPs, key vocab sheets and end of unit quizzes' for KS1, Lower and Upper KS2 utilising the termly staff meeting dedicated towards this.
- 2) **Prepare fully for 'Ofsted Deep Dive Conversations':** ensure that you can discuss your curriculum area coherently and explain how it has been developed- being able to discuss the curriculum and 'what, how and why' it is taught the way it is. This includes the development of the 'Unit Progression Document'.
 - 3) **Staff CPD development:** *(What does the staff CPD questionnaire tell you? What CPD needs to happen for outcome gaps to be developed?)* Deliver subject staff meeting linked to staff & curriculum cpd needs.
- 4) **Monitoring the Quality of Education in your subject:** When and how will you be monitoring books, planning, learning environment and lesson delivery quality and feedback and supporting staff to ensure the highest standards are upheld in your subject?
- 5) **Any other areas of development for the subject if needed:** Are there any explicit data targets set for your subject? How will these outcomes be tracked and ensure staff are held to account? Are there any specific curriculum developments needed in your subject?

Success Criteria:

If you have achieved the above, the following should be evident in your subject:

- ✓ **Pupils will make at least expected progress from their starting points in your subject (trackers, Subject datawalls/ triangulations)**
- ✓ **Ofsted 'Subject Leadership' Grading:** Middle leaders focus on improving teachers' subject, pedagogical and pedagogical content knowledge in order to enhance the teaching of the curriculum.
- ✓ **Ofsted 'Outstanding' Criteria:** It is evident from what all staff do that they have a firm and common understanding of the school's curriculum intent and what it means for their practice.

Questions to consider in your role as a subject leader

Standards:

- Are standards in line with National Curriculum expectations?
- What standards are achieved by children and are there any variations or trends?
- To what extent do high, average and low attaining children acquire and consolidate their knowledge, skills and understanding?
- Do children make progress in line with others of a similar ability?
- How well do children with SEN make good progress towards meeting the targets set for them?
- Is the school meeting its targets and are they sufficiently challenging?
- How do the school's results compare with those of similar schools?

Teaching and learning:

- Do teachers have appropriate knowledge and understanding of the subject?
- How effective is their planning, use of time and resources?
- Do teachers differentiate learning effectively for children, including those with SEN?
- How effectively do they manage children's behaviour and organise learning in the classroom?
- Does the school have an effective and consistent approach to home learning?
- Are children's attitudes towards the subject positive and are they productive?
- How well do children understand the learning set and how well do they apply themselves?
- How is ICT used within the subject?

Curriculum and assessment:

- How is coverage of the subject and progression and continuity of learning ensured?
- Does the school provide a broad range of opportunities for learning in the subject?
- How does the school provide equality of access and opportunity for all children?
- What are the school's approaches to assessment?
- What are the arrangements for recording assessments and do they conform to legal requirements?
- How do teachers record children's general progress?
- How does assessment inform curriculum planning?

Leadership and management of the subject:

- Is the subject reflected in the schools aim?
- Is the subject identified in the SDP and how effective is the action planning?
- Has the subject leader been adequately trained and prepared?
- What is their role in planning and development?
- How is the subject leader involved in monitoring and evaluating their subject?
- How does the school ensure consistency and quality of teaching and learning?
- How are standards and progress of the children monitored?
- How effectively are staff, accommodation and learning resources managed and deployed?

Staffing, accommodation and learning resources:

- Are staff appropriately qualified and experienced?
- Are their professional development needs identified and met?
- Is the accommodation adequate to teach the subject and are the resources accessible and well organised?
- Are there sufficient resources to teach the subject and are they of the right quality?

Subject Leader OFSTED example questions & Deep Dive Preparation

1. Ensure that you can discuss your curriculum area coherently and explained how it has been developed- being able to discuss the curriculum and what, how and why it is taught the way it is.
2. Explain how pupils with special educational needs, those who are disadvantaged and the lowest performing 20% are identified and supported to progress in your subject area.
