

WHY IT'S OKAY TO TALK ABOUT YOUR MENTAL HEALTH

Because it can help you feel better by talking about it

Because it is okay to talk about emotions and feelings

Because it is the first step to breaking the stigma

@BELIEVEPHQ

Because 1 in 4 of us experience a mental health problem

Because it is okay to feel anxious or low

Because it's okay to show weakness

Because it's okay to show you are struggling

Because it is okay to not feel okay

Because by being open can help you to get support

Because it can help reduce feelings of shame
